ABOUT ME

MSc student in AI and Data Science at Heinrich Heine University Düsseldorf. I build and deploy practical AI systems in computer vision and large language models. Looking for Werkstudent and internship opportunities.

EDUCATION

MSc Artificial Intelligence and Data Science Oct 2026 – Present
Heinrich Heine University Düsseldorf · Germany

BSc Computer Science Sep 2022 – Feb 2026
Eötvös Loránd University (ELTE) · Budapest, Hungary

- Stipendium Hungaricum Scholarship.

PROJECTS

Autonomous Drone Control via Computer Vision
BSc Thesis · Python, OpenCV, Flask

- Browser-based control system for a Tello drone with live video, face tracking, line following, and colour tracking.
- Real-time face detection pipeline that adjusts the drone's movement to keep the target in frame.

MedExplain AI
Python, Flask, LLaMA 3, Groq

- Explains lab report PDFs in plain language, flags abnormal values, and supports 7 languages.

AI PDF Q&A (RAG)
Python, Flask, React, LangChain, FAISS

- Upload a PDF and ask questions in plain English, using semantic search and LLaMA 3.1 for answers.

EXPERIENCE

President, AI Development Club Feb 2024 – Jul 2025
ELTE University · Budapest, Hungary

- Organised 10+ workshops on machine learning and computer vision for 50+ members.
- Led student teams in building three AI projects.

Front-End Web Developer Intern Oct 2024 – Dec 2024
Limelight Renhold AS · Oslo, Norway (Remote)

- Built responsive interfaces in JavaScript and refactored legacy components to reduce load times.

LEADERSHIP AND VOLUNTEERING

International Student Mentor Jul 2024 – Dec 2025
HOOK · Hungary

- Mentored international students and organised orientation events.

International Student Ambassador Sep 2024 – Jul 2025
